

# march

## In the month of March, we are learning...

**Language Arts:** We are looking more into the main messages in books this month. We will continue our work on the author's purpose as well.

**Math:** We are working more on word problems in March. Students will focus on addition and subtraction problems using a variety of strategies to solve for missing parts.

**Word Study:** Students will continue to complete multisensory activities based on word patterns and areas of need seen in their writing.

**Writing:** We will work with opinions this month. After working on a draft, and editing, students will publish their opinions with specific reasons to support their opinion on what animal hair they would like to wake up having.

**Content:** We will work on weather more this month, as well as working with landforms and how to incorporate these into maps.

Dear Parents,

We have lots going on in March! Our conference nights are March 1<sup>st</sup> and 9<sup>th</sup>. If you have not scheduled for a conference and would like to meet with me please let me know!

The students have been working very hard in music and are excited to perform on March 15<sup>th</sup>! We hope you can make it for this great event!

Spring break is March 27<sup>st</sup> – 31<sup>st</sup>. Enjoy this time with your family and friends!

- Miss Strickler
